INDEX TO VOLUME VI

A

Abdominal pain and acute rheumatism, 173
Acetabulum, *x*-ray appearances of defects in, 13
Acetylsalicylic acid for acute rheumatism, 179
Acute rheumatism, review of literature during 1939–1945 (C. Bruce Perry), 162
Aetiology:
  of fibrositis (M. Valentine), 241
  of rheumatism, discussion by sections of Medicine and Physical Medicine of R.S.M., 54
Agglutination of haemolytic streptococci (group A) in serum from patients with rheumatoid arthritis (K. Kalbak), 230
American Rheumatism Association, Proceedings of Reunion Meeting, 1946, 66
American soldiers in world war II, rheumatic diseases among (P. S. Hench), 68
Ankylosing spondylitis, *x*-ray appearances, 10
Ankylosis in rheumatoid arthritis, 5
Arthralgia, psychogenic (H. P. Wright), 204
Arthritis, epidemic tropical (D. C. Crain), 76
Articular cartilage, loss of, in rheumatoid arthritis, 3
Ascorbic acid for acute rheumatism, 177
Atrophy:
  of hand, swelling and (O. Steinbrocker), 80
  senile and disuse, *x*-ray appearances, 12

B

Bacteriological theories of fibrositis, 241
BALBONI, Victor G. (and J. L. Hollander and D. M. Kydd): Effect of prostigmin on the muscle spasm of rheumatoid arthritis, 110
BISHOP, L. F. (and E. F. Rosenberg, H. Weintraub, and P. S. Hench): Cardiac lesions in rheumatoid arthritis, 90
Blood chemistry in different age groups, 149
Boeck's sarcoid, *x*-ray appearances, 12
BOLAND, E. W.
  Psychogenic rheumatism: musculoskeletal expression of psychoneurosis, 195
  (and J. O. Finney and P. S. Hench): Precipitating and predisposing factors in rheumatoid arthritis, 91
  (and N. E. Headley and P. S. Hench): Increased protein content of cerebrospinal fluid in rheumatoid spondylitis, 99
  (and R. T. Smith and P. S. Hench): Effect of röntgen therapy in rheumatoid spondylitis, 114
BOOTS, R. H. (and J. A. Coss, Jr. and M. O. Lipman): Prolonged oral administration of penicillin in rheumatoid arthritis, 108
Brachial neuralgia, Heberden Society discussion, 50
British Legion deputation to Minister of Health (rheumatology and the community), 186
BUNTING, H., and G. K. de Forest and W. E. Kenney): Diagnostic significance of focal cellular accumulations in skeletal muscles of patients with rheumatoid arthritis, 86
BURROWS, H. Jackson (and G. Graham): Spinal osteoporosis, cause unknown, 129
Buttressing in gout, 10

C

Calcinosis circumscripta (D. Woolf), 208
Calcium metabolism and osteoporosis, 152
Carcinomatosis, *x*-ray appearances, 12
Cardiac lesions in rheumatoid arthritis (E. F. Rosenberg, L. F. Bishop, H. Weintraub, and P. S. Hench), 90
Carditis and acute rheumatism, 174
Cartilage, loss of, in osteo-arthritis, 7; in gout, 9
Cellular accumulations, diagnostic significance of focal, in skeletal muscles of patients with rheumatoid arthritis (G. K. de Forest, H. Bunting, and W. E. Kenney), 86
Cerebrospinal fluid, increased protein content of, in rheumatoid spondylitis (E. W. Boland, N. E. Headley, and P. S. Hench), 99
Charcot's disease, *x*-ray appearances, 12
Chemotherapy for acute rheumatism, 178, 180
Chondromata and enchondromata, *x*-ray appearances, 12
Chronic rheumatism, *x*-ray appearances (G. D. Steven), 1
Chrysotherapy in rheumatoid arthritis (C. Ragan and C. Lloyd Tyson), 101
Colchicine, hypersensitivity to (J. G. Macleod and L. Phillips), 224
COPEMAN, W. S. C.: Aetiology of rheumatism, 54
COSS, J. A. Jr. (and R. H. Boots and M. O. Lipman): Prolonged administration of penicillin in rheumatoid arthritis, 108
CRAIN, D. C.: Epidemic tropical arthritis, 76
Cystic degeneration in osteo-arthritis, 8
Cysts, traumatic, *x*-ray appearances, 12

D

DARCUS, H. D.: Structure of voluntary muscle in relation to function, 190
de FOREST, G. K. (and H. Bunting and W. E. Kenney): Diagnostic significance of focal cellular accumulations in skeletal muscles of patients with rheumatoid arthritis, 86
Diet and fibrositis, 242
Dynamic posture (B. Howorth), 85

E

Eburnation in osteo-arthritis, 7
EDMONDS, E. P.: Psychosomatic non-articular rheumatism, 36
ELLMAN, P.: Aetiology of rheumatism, 54
Encephalitic patients, osteoporosis and post-, 158
Endocrine imbalance and osteoporosis, 159
ENGLEMAN, E. P.: Adult rheumatic fever, 74
Epidemic tropical arthritis (D. C. Crain), 76
European Congress of Rheumatology, 251
Exercise, lack of, and osteoporosis, 157

F

Fever therapy for acute rheumatism, 178
Fibrositis:
  aetiology of (M. Valentine), 241
  differentiated from psychogenic rheumatism (Boland), 202
FINNEY, J. O. (and E. W. Boland and P. S. Hench): Precipitating and predisposing factors in rheumatoid arthritis, 91
FLETCHER, E.: Brachial neuralgia, 50

G

Generalized osteoporosis in old age (C. M. Kesson, N. Morris, and A. McCutcheon), 146
Glomerulo-nephritis and acute rheumatism, 170
Gout, chronic, *x*-ray appearances, 8
Gouty fibrositis, 244
GRAHAM, G. (and H. Jackson Burrows): Spinal osteoporosis, cause unknown, 129

H

Haemolytic streptococci (group A) in serum from patients with rheumatoid arthritis (K. Kalbak), 230
Hand, painful homolateral disability of shoulder and, with swelling and atrophy of hand (O. Steinbrocker), 80
HEADLEY, N. E. (and E. W. Boland and P. S. Hench): Increased protein content of cerebrospinal fluid in rheumatoid spondylitis, 99
HEBERDEN SOCIETY:
  brachial neuralgia, 50
  structure of voluntary muscle in relation to function, 189
HENCH, P. S.: Rheumatic diseases among American soldiers in world war II, 68
  (and E. W. Boland and N. E. Headley): Increased protein content of cerebrospinal fluid in rheumatoid spondylitis, 99
  (and J. O. Finney and E. W. Boland): Precipitating and predisposing factors in rheumatoid arthritis, 91
  (and E. F. Rosenberg, L. F. Bishop, and H. Weintraub): Cardiac lesions in rheumatoid arthritis, 90
  (and R. T. Smith and E. W. Boland): Röntgen therapy in rheumatoid spondylitis, 114

F

Fever therapy for acute rheumatism, 178
Fibrositis:
  aetiology of (M. Valentine), 241
  differentiated from psychogenic rheumatism (Boland), 202
FINNEY, J. O. (and E. W. Boland and P. S. Hench): Precipitating and predisposing factors in rheumatoid arthritis, 91
FLETCHER, E.: Brachial neuralgia, 50

G

Generalized osteoporosis in old age (C. M. Kesson, N. Morris, and A. McCutcheon), 146
Glomerulo-nephritis and acute rheumatism, 170
Gout, chronic, *x*-ray appearances, 8
Gouty fibrositis, 244
GRAHAM, G. (and H. Jackson Burrows): Spinal osteoporosis, cause unknown, 129

H

Haemolytic streptococci (group A) in serum from patients with rheumatoid arthritis (K. Kalbak), 230
Hand, painful homolateral disability of shoulder and, with swelling and atrophy of hand (O. Steinbrocker), 80
HEADLEY, N. E. (and E. W. Boland and P. S. Hench): Increased protein content of cerebrospinal fluid in rheumatoid spondylitis, 99
HEBERDEN SOCIETY:
  brachial neuralgia, 50
  structure of voluntary muscle in relation to function, 189
HENCH, P. S.: Rheumatic diseases among American soldiers in world war II, 68
  (and E. W. Boland and N. E. Headley): Increased protein content of cerebrospinal fluid in rheumatoid spondylitis, 99
  (and J. O. Finney and E. W. Boland): Precipitating and predisposing factors in rheumatoid arthritis, 91
  (and E. F. Rosenberg, L. F. Bishop, and H. Weintraub): Cardiac lesions in rheumatoid arthritis, 90
  (and R. T. Smith and E. W. Boland): Röntgen therapy in rheumatoid spondylitis, 114

HIGGS, S. L.: Brachial neuralgia, discussion, 54
HILL, L. C.: Brachial neuralgia, discussion, 54
HOLBROOK, W. P.: Speech to American Rheumatism Association, 66
HOLLANDER, J. L. (and V. G. Balboni and D. M. Kydd): Effect of prostigmin on muscle spasm of rheumatoid arthritis), 110
HOWORTH, B.: Dynamic posture, 85
Hyperparathyroidism, *x*-ray appearances, 12
Hyperthyroidism and hypervitaminosis D, *x*-ray appearances, 12
Hypothyroidism and fibrositis, 243

I

Infective theories of acute rheumatism, 165
Institutional treatment for acute rheumatism, 178
Intestinal extract in rheumatic diseases (A. Renshaw), 15

K

KALBAK, K.: Agglutination of haemolytic streptococci (group A) in serum from patients with rheumatoid arthritis, 230
KENNEY, W. E. (and G. K. de Forest and H. Bunting): Diagnostic significance of focal cellular accumulations in skeletal muscles of patients with rheumatoid arthritis, 86
KERSLEY, G. D.: Aetiology of rheumatism, 54
KESSON, C. M. (and N. Morris and A. McCutcheon): Generalized osteoporosis in old age, 146
KYDD, D. M. (and V. G. Balboni and J. L. Hollander): Effect of prostigmin on muscle spasm of rheumatoid arthritis, 110

L

Left side, greater incidence of pain on, in psychosomatic rheumatism (E. P. Edmonds), 46
LIPMAN, M. O. (and J. A. Coss, Jr. and R. H. Boots): Prolonged oral administration of penicillin in rheumatoid arthritis, 108
Local tissue change, possible mechanism, 37
LUCCHESI, M. and O.: Subcutaneous nodules in rheumatoid arthritis, 219

M

MACLEOD, J. G. (and L. Phillips): Hypersensitivity to colchicine, 224
MARTIN, P.: Brachial neuralgia, discussion, 51
MCCUTCHEON, A. (and C. M. Kesson and N. Morris): Generalized osteoporosis in old age, 146
Minerals in diet of patients with osteoporosis, 140
MORRIS, N. (and C. M. Kesson and A. McCutcheon): Generalized osteoporosis in old age, 146
Muscle spasm of rheumatoid arthritis, effect of prostigmin on (V. G. Balboni, J. L. Hollander, and D. M. Kydd), 110
Muscular pains in patients with psychoneurosis, 39
Musculoskeletal expression of psychoneurosis (E. W. Boland), 195
Myalgia and fibrositis, 244
Myelomatosis, *x*-ray appearances, 12

N

Neostigmin (see under prostigmin)
Non-articular rheumatism, psychosomatic (E. P. Edmonds), 36

O

INDEX TO ABSTRACTS

A

Abdominal syndrome, acute, in rheumatic fever, 57
Acroparaesthesia, arthritis of the shoulder, and brachial plexus, 125
Allergic syndromes:
in children with rheumatic fever, 252
morphological equivalents in, 118
Ankylosed joints, painless treatment, 60
Anti-streptolysin patterns in rheumatic children, 55
Appliances, physiological rest and manufacture of, 126
Arthritis:
of shoulder, brachial plexus, and acroparaesthesia of the upper limb, 125
physiological rest and, 126
Arthritis, atrophic (Still's disease), 59
Arthritis, chronic:
gold treatment in children, 120
roentgenotherapy for, 59
Arthritis, tuberculous, treatment of, 58
Arthroplastic resection and internal arthrodesis in arthrosis of hip-joints, 193
Arthroplasty of metacarpophalangeal joints, 255
Auriculo-ventricular conduction, Reiter's disease with prolonged, 122

B

Backache in soldiers, 62
Basophilic stippling of red corpuscles with special reference to chrysotherapy, 254
Bone atrophy, decalcification, and fate of eliminated calcium, 126
Bone marrow, megaloblasts in, in chronic primary polyarthritis, 59
Brachial neuritis, protruded cervical intervertebral discs a cause of, 62
Brachial plexus, arthritis of the shoulder, and acroparaesthesia of upper limb, 125

C

Calcium, fate of eliminated, in bone atrophy and decalcification, 126
Capillary fragility in rheumatic fever, 252
Capsulotomy of metacarpophalangeal joints, 255
Carditis, rheumatic:
in children, 118, 119
in North African and Mediterranean theatres (U.S. Army), 252
Cervical spondylitis (see spondylitis)
Cervical syndrome, and rheumatic perispondylitis of the cervical spine, 122
Cervical and thoracic intervertebral disk disease, 127
Children:
gold treatment of chronic arthritis in, 120
laboratory and clinical criteria of rheumatic carditis in, 118
rheumatic, anti-streptolysin patterns in, 55
rheumatic fever and heart disease in, 119
Chronic rheumatism:
organic salts of copper for, 256
progressive, 58
Chrysotherapy and basophilic stippling of red corpuscles, 254
Copper, organic salts of, for chronic rheumatism, 256
Curare, use of, to differentiate muscle spasm from organic changes in limitation of passive motion at joints, 126

D

Decalcification, bone atrophy, and fate of eliminated calcium, 126
Degenerative joint disease:
of fingers, effect of nerve injury on, 193
relation of Heberden nodes to other, 123
Dysphagia cervical spondylitis a rare cause of, 122

E

Encephalopathy, rheumatic, 57
Eosinophilic infiltration of the lung, 118
Epidemiological observations on rheumatic fever and heart disease in school children in Dublin, Georgia, 119

F

Felty's syndrome:
three cases, 255
treated by splenectomy, 192
Fingers, effect of nerve injury on degenerative joint disease of, 193

G

Georgia, rheumatic fever and heart disease in school children, in, 119
Gold treatment of chronic arthritis in children, 120
Gouty rheumatism, 124

H

Haemolytic streptococcus precipitin reactions in rheumatoid arthritis, 253
Hand, surgical procedure for painful arthritic, 257
Heart, in rheumatoid arthritis, 120
Heart disease, rheumatic (see carditis, rheumatic)
Heberden's nodes:
effect of nerve injury on formation of degenerative joint disease of fingers, 193
their relation to other degenerative joint diseases, 123
Hip joints, arthrosis of, 193

I

Immobilization, osteoporosis due to, 193
Intervertebral discs, protruded cervical—a cause of brachial neuritis, 62
Intervertebral disk disease, cervical and thoracic, 127

J

Joint diseases, relation of Heberden's nodes to other degenerative, 123
Joints, limitation of passive motion at, differentiated from muscle spasm, 126

K

Knee fusion by the use of a three-flanged nail, 61

L

L5 and S1, diagnosis of sciatica caused by root lesions of, 125
Limitation of passive motion at joints, muscle spasms differentiated from, 126
Lipoidosis simulating rheumatoid arthritis, 256
Low back pain, therapy of, by manipulation, 63
Lung, eosinophilic infiltration of, and other allergic syndromes, 118

M

Manipulation for low back pain, 63
Megaloblasts in the bone marrow in chronic primary polyarthritis, 59
Metacarpophalangeal joints, mobilization of, 255
Morphological equivalents in polyarthritis rheumatica, periarteritis nodosa, transient eosinophilic infiltration of the lung, and other allergic syndromes, 118
Mortality from rheumatic fever, decline of, 192
Muscle spasm, use of curare to differentiate from organic changes in limitation of passive motion at joints, 126
Musculo-tendinous cuff of shoulder, lesions of, 61

N

Neostigmin (see under prostigmin)
Nerve injury, effect on formation of degenerative joint disease of fingers, 193
Nerve lesions, physiological rest and, 126
Neuromuscular dysfunction, 126
Nosological conception of acute rheumatism, 57

O

Osteoporosis due to immobilization, 193

P

Palindromic rheumatism, case of, 126
Pathogenesis of rheumatoid arthritis, 121
Periarteritis nodosa, 118
Periarthritis of shoulder, physiotherapy in, 124
Perispondylitis of cervical spine, 122
Physiological rest, with special reference to arthritis and nerve lesions and manufacture of appliances, 126
Physiotherapy in periarthritis of shoulder, 124
Pneumococcus antibodies and rheumatoid arthritis, 121
Polyarthritis:
chronic primary, megaloblasts in the bone marrow in, 59
epidemic of acute, 123
rheumatic, 118
Polytendovaginitis, rheumatic, 124
Procaine infiltration for referred pain in lower extremity, 63
Prostigmin:
and muscle spasm of rheumatoid arthritis, 193
in rheumatoid arthritis, 192
Still's disease successfully treated with, 120
Prothrombinopenic effect of massive salicylate therapy in acute rheumatic fever, 56
Protruded cervical intervertebral discs—a cause of brachial neuritis, 62
Psoriatic rheumatism, 257

R

Red corpuscles and chrysotherapy, 254
Relapsing rheumatism, case of, 126
Referred pain in lower extremity, procaine infiltration, 63
Reiter's disease, 122
with prolonged auriculo-ventricular conduction, 122
Rest, physiological, 126
Rheumatic disease in Sweden, 128
Rheumatic encephalopathy, 57
Rheumatic fever:
acute abdominal syndrome in, 57
allergy in children with, 252
capillary fragility in, 252
convalescent care of, 56
immunologic studies in, II. Anti-streptolysin patterns in rheumatic children, 55
incidence of, in school children in Dublin, Georgia, 119
in naval enlisted personnel. II. Effectiveness of intensive salicylate therapy in cases of acute infection, 57
in North African and Mediterranean theatres (U.S. Army), 252
interference dissociation in acute, 56
mortality from, 192
prothrombinopenic effect of massive salicylate therapy in acute 56
salicylate for acute, 119
social pathology of, 55
Rheumatism:
acute, nosological conception of, 57
gouty, 124
Rheumatoid arthritis:
haemolytic streptococcus, precipitin reactions, 253
heart in, 120
lipoidosis simulating, 256
pathogenesis, nonspecific serologic reactions, and pneumococcus antibodies, 121
prostigmin for, 192
prostigmin for muscle spasm of, 193
therapeutic score card for, 120
Roentgenotherapy for chronic arthritis, 59
Root lesions of L5 and S1, diagnosis of sciatica caused by, 125

S

S1 and L5, sciatica caused by root lesions of, 125
Salicylate therapy:
effect on acute rheumatic fever, 119
inhibition of hyaluronidase by, 194
intensive, in rheumatic fever in naval enlisted personnel, 57
massive, in acute rheumatic fever, 56
School children, in Dublin, Georgia, incidence of rheumatic fever and heart disease in, 119
Sciatica, 257
caused by separation of the posterior border of a vertebral body, 63
caused by root lesions of L5 and S1, diagnosis of, 125
Sciatic nerve, exposure of high lesions of, 63
Sciatic neuritis, prognosis in so-called, 62
Score care for rheumatoid arthritis, 120
Serologic reaction, non-specific, in rheumatoid arthritis, 121
Shoulder:
arthritis of, and brachial plexus, and acroparaesthesia of upper limb, 125
lesions of musculo-tendinous cuff of, 61
physiotherapy in periarthritis of, 124

Social pathology of rheumatic fever, 55
Soldiers, backache in, 62
Spasm, muscle, effect of prostigmin on, 193
Splenectomy for Felty's syndrome, 192
Spondylitis:
  cervical, a rare cause of dysphagia, 122
  infective, 60
  rheumatic peri-, of cervical spine, 122
  rheumatoid, 255
Still's disease, 59
  and purpura rheumatica, 255
  treated with prostigmin, 120
Subcutaneous nodules, 127
Sudeck's atrophy, 193
Sweden, importance of rheumatic disease in, 128

T

Thoracic and cervical intervertebral disk disease, 127

U

U. S. Army, rheumatic fever and heart disease in, 252

V

Vertebral body, sciatica caused by separation of posterior border of, 63
